### Letter of Recommendation

#### To whom it may concern

I am writing this letter to give my highest recommendation for Mr. **Osama Wazir**. Osama completed his BS in Information Technology at Department of Computer Science and IT, University of Malakand, Chakdara, Pakistan, where I had the opportunity to co-supervised his BS (IT) project/thesis work.

During his project/thesis work, Osama proved his ability to perform good quality project/research, as reflected in his thesis. As his co-supervisor, I have had an opportunity to observe his participation and interaction in assigned projects and to evaluate his knowledge of the subject matter. He is a hardworking, motivated and independent individual. Osama has proven that through hard work, follow through and team work, he can fulfill the roles assigned to him in a timely manner. Through my interaction with Osama, I have found that he has an excellent grasping power and logical bent of mind. He is a sincere student full of initiative and drive. His innovative approach often led to intelligent questions that reflected his understanding of the subject and his quest for knowledge. Moreover, his confidence, eagerness to learn, and pleasant personality have left a lasting impression on me.

Osama excelled in his BS (IT) program at University of Malakand, graduating with a CGPA of 3.1/4.0. Based on my observations of his abilities, I strongly believe he has the potential to be an outstanding student at your university. In brief, Osama is a highly motivated individual whose intellect and academic background have prepared him well for the challenges of pursuing an MS degree. I am confident he will be an excellent addition to your institution, and I wholeheartedly recommend him for admission at your university.

I wish him all the best in his future endeavors. Please feel free to contact me for any additional information.

Yours sincerely,
